Comments:

This award is terminated for the convenience of both parties effective immediately.

When this project was approved, all parties understood that Central Peninsula (as a "new start" Community Health Center) did not have IRS non-profit designation (501 c3). Until such time that Central Peninsula achieved this designation, Bridges Community Resource Network would provide project and financial management. As Central Peninsula has now obtained IRS non-profit designation, the parties agree to terminate the Award with Bridges Community Resource Network. A new financial assistance award will be issued to Central Peninsula which will cover the same scope of work and funding as under the original agreement.

The signature of both parties below acknowledges agreement of the above stated termination for convenience.
